

Principles for Assessment

Chalton Lower School

1. Assessment is at the heart of teaching and learning.

- Assessment provides evidence to guide teaching and learning.
- Assessment provides the opportunity for students to demonstrate and review their progress.

2. Assessment is fair.

- Assessment is inclusive of all abilities.
- Assessment is free from bias towards factors that are not relevant to what the assessment intends to address.

3. Assessment is honest.

- Assessment outcomes are used in ways that minimise undesirable effects.
- Assessment outcomes are conveyed in an open, honest and transparent way to assist pupils with their learning.
- Assessment judgements are moderated by experienced professionals to ensure their accuracy.

4. Assessment is ambitious.

- Assessment places achievement in context against nationally standardised criteria and expected standards.
- Assessment embodies, through objective criteria, a pathway of progress and development for every child.
- Assessment objectives set high expectation for learners.

5. Assessment is appropriate.

- The purpose of any assessment process should be clearly stated.
- Conclusions regarding pupil achievement are valid when the assessment method is appropriate (to age, to the task and to the desired feedback information).
- Assessment should draw on a wide range of evidence to provide a complete picture of student achievement.
- Assessment should demand no more procedures or records than are practically required to allow pupils, their parents and teachers to plan future learning.

5. Assessment is consistent.

- Judgements are formed according to common principles.
- The results are readily understandable by third parties.
- A school's results are capable of comparison with other schools, both locally and nationally.

6. Assessment outcomes provide meaningful and understandable information for:

- pupils in developing their learning;
- parents in supporting children with their learning;
- teachers in planning teaching and learning. Assessment must provide information that justifies the time spent;

- school leaders and governors in planning and allocating resources; and
- government and agents of government.

7. Assessment feedback should inspire greater effort and a belief that, through hard work and practice more can be achieved

Governing Body Meeting 7th February 2018

Chair of Governors.....

Mrs Tracy Thomas
