I want you just to summarise one of the short stories – just a paragraph, doesn't need to be really long. See my example below which is about the first story!

Horrid Henry is camping with his family and wants to watch T.V with crisps but there are none so he is very annoyed. Peter says 'Bonjour!' to a French man, fortunately the man realises Peter is English but sadly Peter doesn't understand what the man is saying to him. Later on, the family decide to go for a swim in a lake. Dad jumps in quickly and implies it is lovely in the water, much to Henry and Peter's disgust it is freezing cold when he gets thrown in by his Dad by accident. Finally, whilst the boys were suppose to be sleeping Henry manages to scare Peter so much that he won't go to the toilet on his own. Henry agrees to reluctantly and then manages to trap Peter inside the disgusting toilet and runs away!
